

Mutware eLearning research

Why do they have a lot of users and used by a lot of people:

1. Facebook & Instagram:

- a. Is used by a lot of famous people and they are number one people that help Facebook to be used by many people.
- b. User stores post what he/she thinks and his product at any time and any moment for anybody that follows him/her to see it or get access to it easily, in short words anybody makes advertisement and it easy anybody to know what he does.
- c. It's easy for user to create content most on Instagram.
- d. User store his or her photos and they are safely stored for his or her privacy she/he can have an access to them at any device at any place in case he or she no longer have them on his or her device.
- e. And its easy to get access to anybody at any location around the world.

2. Netflix:

- a. has movies of the best video quality and best movies that every kind of person gets interested in **exp**:
 - i. romantic movies.
 - ii. Cartoons.
 - iii. Actions etc.
- b. paying price is not high or low for everybody to afford and for the company to keep growing.

3. WhatsApp:

- a. Sharing:
 - i. Information
 - ii. Documents
 - iii. Videos
 - iv. Audio files

It's too easy.
- b. You can call anybody at any country or get in touch to easily.
- c. And the best thing is:
 - i. You can backup your data in case you don't want to lose your data.
 - ii. You can restore them in any device incase you changes the device you're where using.

How can Our platform be the best and interesting to for anybody that uses it?

- 1. A user will be able to manage his or her person data:
 - a. School documents.
 - b. His document will be stored on the platform for him or her to get access to them too easily.

- c. Handing in or handing out documents from the administration of his or her school easily at any time anywhere exp:
 - i. Holiday work done by the teacher for students to do.
- 2. A user will be able to get access to his school programs examples like **announcements and** exercise anywhere and anytime.
- 3. Student will be to get access to any student or school programs or teacher easily for his/her better performance in case of research.
- 4. Mutware will be creating its own contents that will simplify the methods that students use in making revision and in preparations of their exams.
- 5. Incase you stack its easy to question your teacher and be answered by your teacher at anytime for a short period.
